

# T E N E X

live smart. live healthy.

All-new social distancing products from the world leader in floor protective runners. Manufactured to the highest specifications from ultra-tough, eco-friendly and chemically safe vinyl. Easy to clean, liquid resistant and built to last for years. No cracking, peeling or fading. A textured top-surface provides traction underfoot while an available smooth or traction backing keeps your runner in place. Ideal for custom projects as our safety runners are easy to hand cut & create the perfect length for your application.

Specifications:	*24" x 24'/48'/96'/150'
• Std 3/32" Thick	*36" x 24'/48'/96'/150'
• Dlx 5/32" Thick	*48" x 24'/48'/96'/150'
	* Actual lengths are 6' longer for pattern preservation
